Languages (HTML/CSS C Java Python
JavaScript PHP(Basic)),
Frameworks (Bootstrap Node JS Express JS
React JS(Intermediate)),
Databases (MySQL MongoDB MongoDB Cloud
Atlas PHPMyAdmin),
Dev Tools (Git Github VS Code Postman API
MongoDB Compass)

Profile

I have passion for competitive programming and a strong interest in emerging technologies. I've always enjoyed solving
challenging problems, which is what initially drew me to the world of competitive programming. In my free time, you can
often find me participating in online coding contests, honing my skills and learning new techniques

Projects

Hackathon Management System
In this we created a system in which user can participate in hackathon and a host can directly host a hackathon
Technologies: Front end: HTML, CSS, JavaScript Back end: Node JS, Express JS API: Rest API Database: MongoDB Atlas

Hackathon

CVM, Anand
2023
In this I had contributed as a leader and at this time i joined as a backed developer and I worked in node JS. And learnt many development and leadership skills.

SSIP
2022
In this I had contributed as a leader and as a supportive backend developer in Which i worked in PHP. Through this i gained many leadership skills
